

Supplier data at a glance

The challenge

Food manufacturers struggle to quickly access clear, accurate, and upfront supplier information. Unclear specifications, missing certifications, unknown MOQs, and hidden pricing lead to inefficient sourcing and delays in decision-making.

The solution

1-2-Taste provides access to clear, trustworthy supplier information in one place.

This gives food manufacturers the clarity they need to compare options and make faster, more confident sourcing decisions.

Verified, transparent specs & certifications

Clearly stated pricing and MOQ

Accurate and visible lead times

Results you can count on

KPI	Industry avg.	With 1-2-Taste
Supplier research time	2–4 hours	<15 minutes
Data accuracy & transparency	~50%	100% accuracy
Comparison efficiency	Low	Improved by 80%
Decision-making confidence	Moderate	Enhanced by 90%
Procurement compliance	~65%	95%+ compliance

Conclusion

1-2-Taste's transparent supplier listings empower food manufacturers with the clarity and accuracy needed for quick, confident, and compliant sourcing decisions. Get full visibility into every detail—streamlining your procurement process and reducing sourcing risks.
