Timmers Food Creations

When passion meets flavour

The product has to be protected from temperatures below 4°C. Opened containers are to be closed firmly immediately after use and should be used as soon as possible. During store changes may be noted in the colour of this flavour. Variances in colour are typical for these types of flavour and in no way affect the sensorial or technological properties.

This product corresponds to the European regulation of flavourings 1334/2008 and the European regulation of food additives 1333/2008. For use of this product abroad, the respective national legal regulations are to be considered.
